Property Description

This fully-renovated 2-bedroom apartment offers the best of both worlds: a quiet lifestyle on a pleasant residential complex that is just 15 minutes' drive from the centre of Jacksonville. The modern design has ochre façades with large windows over just two storeys. The apartment makes an ideal home for a young family or professional couple. Inside, the property offers generous space with an open concept living area. The kitchen comes with light oak cabinets and black appliances with a handy breakfast bar. Both bedrooms are a good size and have built-in closets. The two bathrooms are 3-piece.

Resort Description

Onsite amenities at the complex include a pool, club house and mature gardens. The property is located in the Arlington district to the east of Jacksonville and not far from the waterfront. Historic Arlington has excellent amenities including shopping malls, sports facilities and schools, and is one of the most popular residential areas in the city. It's also home to Jacksonville University. Convenient highway access across the waterways means downtown Jacksonville lies just 15 minutes' drive away from the apartment while Jacksonville International Airport takes 20 minutes to reach. The stunning east coast beaches are only nearby taking 20 minutes by car.
